ISRO Visit – Department of Physics

The department of Physics has visited ISRO propulsion Complex, Mahendragiri on March 2nd 2020. 30 students were participated in the visit and they were accompanied by the Head of the department Mr.G.Bagavathi Shangar and Dr. J. Clemy Monicka.

Students were given a good exposure to rocket launching, number of satellites launched by India and the weight and structure of the rocket engine. They were taught the difference between rocket and satellite.

Students were taken to fuel testing place and taught how the fuel testing place using done in Mahendragiri by a separate operating system and send to Sriharikota.

The students were also allowed to check how there weight differs in different plans. The visit was very useful to the students.
